January 2017

CASTING NEWS FROM DAVE LANTZ

The New Year is here giving us all the opportunity to examine all that happened in 2016 and carry forward with us our best into the coming year. For CFFU, we had another year filled with events and activities, fueled by the energy and work of a fleet of CFFU volunteers. I hope you got rewarded from taking part in these efforts. We truly have an abundance of opportunity to experience—monthly meetings and speakers, great outings, fun socials, lots of learning opportunities, and all the times we return something to the community through the fish derby, cleanup on the American River Parkway, Fish-in-the-Classroom(s), supporting the Vets, and so much more. Don't forget the OTTERS, I mean ooooohh and aaaaaaahhh!

I want to thank you all for supporting the club and especially your generosity at the Annual Dinner in November. We are planning on putting the funds raised to good use with supporting more conservation projects to benefit fish in 2017. I was rewarded participating with the folks on the Board and I'm grateful for the help that I know I will receive from the 2017 Board. We all owe many thanks to Laurie Banks for leading the Club these past two years and the gift of her time and energy. Lucky for us, she will continue serving on the Board.

Looking ahead in 2017, the first Tuesday in July is the 4th. The Board is considering the option of replacing the monthly meeting that day with opportunities for outings in late June and early July—stay tuned for more on that. Don't forget to buy your 2017 fishing license. Enjoy the holiday season with family and friends and let's continue seeking those rewards this new year.

Cheers, Dave Lentz

JANUARY SPEAKER

Our January 3rd Speaker is Jon Baiocchi and he will be presenting a program entitiled Mastering the Dry Fly – A Visual Experience. I'm really excited to hear Jon because two years ago I asked him to come up with a program about dry flies specifically for our club. This will be the first presentation. Jon is equally excited about it and will be sharing a brief history of the dry fly, along with simple to complex presentations, understanding rise forms, approaching water structure, tips and tricks, and his favorite dry flies for eager to educated trout.
Jon owns Baiocchi's Troutfitters and is one of the best speakers you will hear. He's been a friend of this club for quite some time and whenever I take my grandson to the North Yuba for some "dry fly action", I call Jon first to get the scoop. His advice has always been Invaluable! You don't want to miss this one!

TECH THURSDAY

California Fly Fishers Unlimited offers a series of programs each month on the "technical" aspects of fly fishing. The program covers fly fishing topics, ranging from beginning fly casting and introductory fly tying, to more advanced topics such as rod building, tying Atlantic Salmon patterns, and spey casting. Let Carl Lang know if there are any subjects you would like to see... or to teach! Tech Thursday's are held on the third Thursday of the month at the Northminster Church, 3235 Pope Avenue, Sacramento, CA

NAME BADGE DRAWING by Rich Wilson

Each month we will be drawing for a $30.00 gift certificate to be redeemed at one of the 3 fly shops in our area. Each month the $30.00 gift certificate will be from a different fly shop in rotation. To qualify for the name badge drawing a member MUST be wearing his or her CFFU engraved name badge. Each member will receive one ticket for wearing his or her engraved badge. At the end of the meeting one ticket will be drawn for the gift certificate. You must be present at the time of the drawing. New members will still be eligible to receive the 10% off any item at the LOGO table.

FREE FLY DRAWING

Bring a Fly to the monthly meeting and have a chance to win. Drop the fly in the cup at Rich Wilson's desk and receive a ticket. At the end of the evening, a ticket is drawn and the winner gets all of the fly's in the cup.

NEW MEMBER ORIENTATION

New members are encouraged to attend one of the quarterly meetings held at the Northminster Church, 3235 Pope Avenue, Sacramento, CA. The next meeting will be February 8th at 6:30 pm. Here you can meet other new members, ask questions, receive contact information and possibly find a fishing buddy. President Laurie Banks and Membership Director Rich Wilson supervise these meetings and will help you get the most out of your club. You will also receive a certificate for 6 free flies from local fly fishing shops. Look for more info in the coming newsletters.

DECEMBER 2016 SPEAKERS

The December meeting featured slideshow presentations from our own members, showcasing some of their personal fishing adventures from the year 2016. We had presentations from Sam Yee, Andy Penn, Rob Scafe, Gary Howard, Ken Giesser and Craig Williams.

Sam started the evening by sharing slides and video of exciting Delta Bass action, including Smallmouth, Spotted and Largemouth. He caught some real beauties and I can attest to the fact that the North Delta really is a quality Smallmouth fishery! By the way, did you notice the ease at which Sam was casting and double hauling from his boat? If you haven't learned the double haul yet, then you need to cast with Sam or Forrest on the lawn before our summertime meetings. They are two of the best casting instructors I know, and another reason why our club is so special! Thanks Sam!

Next Andy Penn took us to Alaska and the Iliama River Lodge near the mouth of the Iliama River. What a tremendous lodge, with unbelievable accommodations, food, and some pretty outstanding fly fishing for Arctic Char and trophy Rainbows. Off the charts! Thanks Andy!

Rob Scafe followed with a beautiful array of wildlife slides from inside Yellowstone National Park in the fall. He and his wife stayed in Ennis and drove to the park each day where they were thrilled to witness up close, bison, bears, bighorn sheep, moose, elk and wolves! What an experience! Thanks Rob!

After that Gary Howard brought us to Kennedy Meadows Pack Station, where he packed us in to Emigrant Lake for some outstanding fishing and camping. He shared beautiful slides of fish and fishing, utilizing some nifty video footage in the process. I'm always a little surprised at the size of those bruisers in that lake! He also shared some great shots of the geography of the area and its wildlife. Thanks Gary!

Craig Williams and I finished with a slideshow that featured our club's September outing to the Upper Sac and Dunsmuir.

… I hope you all experience great fishing adventures in 2017 and remember that all adventures are better when shared! Happy New Years!

Ken Giesser

FLY OF THE MONTH

Partridge and Peacock

Tied and photographed by: Bob Bettati

MATERIALS:
HOOK: STANDARD WET FLY HOOK TIEMCO 3967
THREAD: 6/0 OR 8/0 (DEPENDING ON HOOK SIZE USED)
BODY: PEACOCK HERL (TIDE IN A ROPE)
RIBBING: COPPER WIRE
HACKLE: PARTRIDGE

The "The Partridge and Peacock" soft hackle first appeared around 1500. The original was thought to be thread wrapped around a hook shank with a hackle from a partridge, or any available bird with soft feathers. This fly at the time was said to be a very effective and deadly fly.

In 1975 Sylvester Nemes wrote "The Soft Hackle fly" introducing a new generation to a very simple yet very effective fly pattern.

The soft hackle is generally an impressionistic fly that can be tied, in any color combination, and you can tie it sparse or with a fuller body to suggest different insects.

Keep a couple in your box and when nothing seems to work, try one.

Step 1: Crimp the barb, place the hook in the vise and lay a thread base back to the barb, and attach the copper wire.

Step 2: Tie in 5 or 6 peacock herl (more for a thicker body or less for a sparse body) and form a rope or noodle. NOTE: You do not need the copper rib with this method, as this will render a fairly durable body.

Step 3: Wrap the peacock forward, leaving enough room for the hackle and head.

Step 4: Run the ribbing forward and tie off at the head.

Step 5: Tie in the partridge hackle.

Step 6: Wrap the hackle 3 turns (more or less as required), tie in a head and done.

PYRAMID LAKE OUTING DECEMBER 2016

Pyramid Lake Outing last weekend.
Obviously the weather was not in our favor last Friday and Saturday. We got sand blasted Friday and soaked and blown to heck Saturday. Some members did not fish Saturday.
Although you have to be a little crazy to fish in the Saturday conditions, we only do it to have the chance at the big one.
Robert Rountree got that fish, good job Robert.
Most of the group were lucky to get a grab and the average was 1-2 fish per day if lucky .
Here are a few pics I accrued, the Elf on a Shelf pics are for Dorky Fun.
