

I'm working with Jason Thatcher on Salmon fishing the Lower Sac (same section we fish for trout/steelhead); date is 20 September. This is not fly fishing; we will fish from his jet boat using standard fishing gear. Cost is \$250, catch and keep. Fish and Wildlife has not confirmed season, but I am planning ahead. Jet boat can hold 6 anglers and if more than 6 are interested he will get another boat. Please email me if there is interest and I will put together a list.
